

Republic of Mauritius

**MINISTRY OF INDUSTRY, SMALL &
MEDIUM ENTERPRISES,
COMMERCE & COOPERATIVES**

Guidelines For The Submission of Application For An Import permit

- Documents issued by the appropriate authority in the exporting country and/or in the country of origin acceptable by the Permanent Secretary as an evidence that the vehicle is not a stolen one.

10. Payment of a fee.

- (a) The Permanent Secretary may on good cause shown by the importer in respect of controlled goods already imported, grant an import permit subject to the payment by the importer to the Accountant-General of a fee of -
- 25,000 rupees in the case of a second-hand motor vehicle; and
 - 5,000 rupees in the case of any controlled goods.
- (b) Where an importer fails to furnish the Inspection Certificate as required under the Fifth Schedule, the Permanent Secretary shall grant an approval to the importer subject to -
- the payment of a fee of 15,000 rupees to the Accountant-General;

- submission of a certificate of inspection carried out by the local branch of Bureau Veritas or Société Générale de Surveillance or any local inspection body acceptable by the Permanent Secretary.

11. Who are the Exempted Importers?

Exempted importers are those who are exempted from the payment of the fee as stipulated at paragraph 10 above and are listed as at Parts I and II of the Eighth Schedule to the Regulations.

**Annexures are available at the Import Division.*

1. Application for an import permit

The submission of an application and issue of an import permit is carried out electronically under the TradeNet Phase 5 System. Application for import permit is needed only for controlled goods.

2. What are controlled goods?

Controlled goods are goods that are listed as per the First Schedule to the Consumer Protection (Control of Imports) Regulations 1999. A list of controlled goods is at Annex I*.

3. Who can import a controlled good?

Any individual or a registered company can apply for an import permit to import controlled goods. The application for an import permit submitted electronically must be followed by the following documents –

- a photocopy of the National Identity Card or the Certificate of Incorporation of the applicant as the case may be if application is made in respect of a second-hand motor vehicle;
- a photocopy of the appropriate Trading Licence of the applicant if controlled goods are imported for the first time for resale.

4. How to apply for an import permit?

Application for import permit is submitted electronically through the service of a TradeNet User. The three categories of TradeNet Users who submit applications electronically using their own computer system are –

- Clearing and Forwarding Agents
- Commission Agents; and
- Customs Brokers.

Any company or individual wishing to submit their own applications electronically have to register themselves with the Mauritius Network Services Ltd.(MNS).

5. What documents are needed for approval of import permit?

The list of controlled goods that need supporting documents i.e. approval/recommendations from other Ministries are at Annex II*.

6. What conditions are attached to import permits?

The conditions attached to certain controlled goods are at Annex III*.

7. What are the restrictions on controlled goods?

Controlled goods subject to certain types of restrictions are at Annex IV*.

8. What are prohibited goods?

“Prohibited goods” means the goods specified in the Second Schedule of the Regulations that are not allowed for importation. The list of prohibited goods are at Annex V*.

9. What happens when the controlled goods reach Mauritius?

The importers have to submit a copy of the commercial invoice and a copy of the bill of lading or an airway bill or a postal receipt or a notice of arrival of goods issued by an organisation providing a courier service at the counter of the Import Division. In case of second-hand motor vehicles, they have to submit together with the invoice and bill of lading the following documents-

- Registration Certificate of the vehicle;
- Inspection Certificate; and

FIRST SCHEDULE
(*regulation 2*)
LIST OF CONTROLLED GOODS

PART I

General Goods

H.S. Code	Description of Goods
03.02)
03.03) - Chilled or frozen fish
03.04)
03.05	- Salted Fish
04.01	- Milk(fresh/liquid)
07.01	- Potatoes (in all forms) including seed
0703.10	- Onions and Shallots
0703.20	- Garlic
0708.20	- Beans
0805.30	- Lemons and Limes
0904 to 0910	- Spices
10.06	- Rice
11.01	- Wheat or meslin flour
1202	- Groundnut
1513.1100 1513.1900	- Coconut oil (copra) and its fractions, whether or not refined but not chemically modified.
15.16	- Animal or vegetable fats and oils and their fractions, partly or wholly hydrogenated, inter-esterified, re-esterified or elaidonised, whether or not refined, but not further prepared
15.17	- Margarine edible mixtures or preparations of animal or vegetable fats or oils or of fractions of different fats or oils of chapter 15, other than edible fats or oils or their fractions of Heading No. 15.16
15.18	- Animal or vegetable fats and oils and their fractions boiled, oxidised, dehydrated, sulphurised, blown, polymerised by heat in vacuum or in inert gas or otherwise chemically modified
21.06	- Nutrient supplements
25.01	- Salt
2523.21 2523.29	- Portland Cement
27.09	- Petroleum oils and oils obtained from bituminous minerals crude
27.10	- Petroleum oils and oils obtained from bituminous minerals other than crude oil, white spirit, lubricating oil and greases.
Chapter 30	- Pharmaceutical products Ayurvedic and other traditional medicines
3006.20)
3006.30) - Diagnostic materials of biological origin
38.22)
3604.10	- Fireworks (including fireworks commonly known as "pétards")

H.S. Code	Description of Goods
3811.90	- Potassium-Based Additive
3917.31) Tubes and Hoses (other than tubes and hoses consisting of a metal reinforcement)) - for connecting liquefied petroleum gas (LPG) cylinders to domestic gas appliances.)
4009.11	
4009.12	
3917.21) - PVC Pipes))
3917.22	
3917.23	
3923.211) - Plastic carry bags (Vest type))
3923.291	
3926.201) - Life Jackets))
4015.901	
6307.2000	
6506.101	- Motor-cyclists' helmets (crash helmets)
7102.10) - Rough diamonds (other than those imported from Liberia)))
7102.21	
7102.31	
71.08	- Gold (including gold plated with platinum) unwrought or in semi-manufactured forms, or in powder form
7112.10	- Waste and scrap of gold including metal clad with gold but excluding sweepings containing other precious metals
84.23	- Weighing machinery
90.16	- Balances
8516.10	- Electric water heaters and immersion heaters and parts thereof

** Applicant has to call at the Counter of the Import Division for identification purpose at the time of submission of the application*

FIFTH SCHEDULE

(regulation 5(6))

(Conditions under which the goods should be imported)**Description of Controlled Goods**

1. Rice (imported by traders other than State Trading Corporation)
2. Weighing and measuring instruments not for trade use
3. Second-hand (used/reconditioned) motor vehicles as follows:-
 - (a) Motorcars, dual purpose vehicles (including 2x4 and 4x4 double-cab truck but excluding van and double-cab heavy duty lorry)

Conditions under which the goods should be imported

Should not exceed 10% broken Rice.

Each and every instrument should be clearly and indelibly marked "Not for trade use"

Motorcars, dual purpose vehicles (including 2x4 and 4x4 double-cab truck but excluding van and double-cab heavy duty lorry) shall -

- (i) be between 18 months and 4 years from the date of first registration, at the date of shipment, except for a vehicle imported by the categories of importers specified at paragraphs 1 to 6 in Part I of the Eighth Schedule.
- (ii) be consigned to the applicant whose name shall appear on the Bill of Lading and the manifest as the consignee;
- (iii) be registered with the National Transport Authority in the name of the importer except where the vehicle is imported by an authorised dealer;
- (iv) be a right-hand drive;
- (v) be in good running condition and not damaged;
- (vi) have its original chassis;
- (vii) be covered by an inspection certificate in the form specified in the Sixth Schedule or containing the particulars and information required in the Sixth Schedule issued not earlier than 2 months before the date of shipment by a branch of Bureau Veritas or Société Générale de Surveillance (S.G.S.) or a competent authority in the exporting country recognised by the Permanent Secretary, or with regard to Japan, South Africa and the United Kingdom by the authorities specified in the Seventh Schedule certifying the roadworthiness and usability of the vehicle, except where the vehicle is imported by the categories of importers specified in paragraphs 1 to 6 in Part I of the Eighth Schedule;
- (viii) be covered by a document issued by the appropriate authority in the exporting country and/or in the country of origin, acceptable by the Permanent Secretary as an evidence that the vehicle is not a stolen one;

Description of Controlled Goods

- (b) Goods vehicles (lorries including double-cab heavy duty lorries and trucks other than 2x4 and 4x4 double-cab trucks)

Conditions under which the goods should be imported

(ix) have been first registered not later than in the year following the year of their manufacture.

(x) not be fitted with any bull bar.

Goods vehicles (lorries including double-cab heavy duty lorries and trucks other than 2x4 and 4x4 double-cab trucks) shall -

(i) be not more than 8 years from the date of first registration, at the date of shipment, except for a vehicle imported by the categories of importers specified in paragraphs 1 to 6 in Part I of the Eighth Schedule;

(ii) be consigned to the applicant whose name shall appear on the Bill of Lading and the manifest as the consignee;

(iii) be registered with the National Transport Authority in the name of the importer except where the lorry/truck is imported by an authorised dealer;

(iv) be a right-hand drive;

(v) be in good running condition or not damaged

(vi) have its original chassis;

(vii) be covered by a inspection certificate in the form specified in the Sixth Schedule or containing the particulars and information required in the Sixth Schedule issued not earlier than 2 months before the date of shipment of a branch of Bureau Veritas or Société Générale de Surveillance (S.G.S.) or a competent authority in the exporting country recognised by the Permanent Secretary, or with regard to Japan, South Africa and the United Kingdom by the authorities specified at the Seventh Schedule certifying the road-worthiness and usability of the vehicle, except where the vehicle is imported by the categories of importers specified in paragraphs 1 to 6 in Part I of the Eighth Schedule;

(viii) be covered by a document issued by the appropriate authority in the exporting country and/or in the country of origin, acceptable by the Permanent Secretary as an evidence that the vehicle is not a stolen one;

(ix) have been first registered not later than in the year following the year of their manufacture;

(x) Not be fitted with any bull bar.

Description of Controlled Goods

- (c) Vans (other than motor buses) designed to carry goods and/or to carry not more than 7 persons including the driver

- (d) Motor buses

Conditions under which the goods should be imported

Vans (other than motor buses) designed to carry goods and/or to carry not more than 7 persons including the driver shall -

- (i) be not more than 5 years from the date of first registration, except for a vehicle imported by the categories of importers specified in paragraphs 1 to 6 of Part I of the Eighth Schedule;
- (ii) be consigned to the applicant whose name shall appear on the Bill of Lading and the manifest as the consignee;
- (iii) be registered with the National Transport Authority in the name of the importer except where the vehicle is imported by an authorised dealer;
- (iv) be a right-hand drive;
- (v) be in good running condition and not damaged;
- (vi) have its original chassis;
- (vii) be covered by an inspection certificate in the form specified in the Sixth Schedule or containing the particulars and information required in the Sixth Schedule issued not earlier than 2 months before the date of shipment by a branch of Bureau Veritas or Société Générale de Surveillance (S.G.S.) or a competent authority in the exporting country recognised by the Permanent Secretary, or with regard to Japan, South Africa and the United Kingdom by the authorities specified in the Seventh Schedule certifying the roadworthiness and usability of the vehicle, except where the vehicle is imported by the categories of importers specified in paragraphs 1 to 6 of Part I of the Eighth Schedule;
- (viii) not be fitted with any bull bar.

Motor buses shall -

- (i) be not more than 8 years from the date of first registration, at the date of shipment, except for buses imported by the categories of importers listed in Part III of the Eighth Schedule;
- (ii) have been designed for the transport of not less than 8 persons including the driver and not more than 32 persons including the driver;
- (iii) be fitted with a motor vehicle air conditioner when imported by public transport operators;
- (iv) be consigned to the applicant whose name shall appear on the Bill of Lading and the manifest as the consignee;

Description of Controlled Goods**Conditions under which the goods should be imported**

	<ul style="list-style-type: none"> (v) be registered with the National Transport Authority in the name of the importer except where the bus is imported by an authorised dealer; (vi) be a right-hand drive; (vii) be in good running condition and not damaged; (viii) have its original chassis; (ix) be covered by an inspection certificate in the form specified in the Sixth Schedule or containing the particulars and information required in the Sixth Schedule issued not earlier than 2 months before the date of shipment by a branch of Bureau Veritas or Société Générale de Surveillance (S.G.S.) or a competent authority in the exporting country recognised by the Permanent Secretary, or with regard to Japan, South Africa and the United Kingdom by the authorities listed at the Seventh Schedule certifying the road-worthiness and usability of the vehicle, except where the vehicle is imported by the categories of importers specified in Part III of the Eighth Schedule; (x) be covered by a document issued by the appropriate authority in the exporting country and/or in the country of origin, acceptable by the Permanent Secretary as an evidence that the vehicle is not a stolen one; (xi) have been first registered not later than in the year following the year of their manufacture; (xii) not be fitted with any bull bar.
(e) Motor-cycle... ..	The motor-cycle should be less than one year old at the date of shipment
4. Second-hand motor vehicle parts and accessories	Excluding prohibited second-hand motor vehicle parts and accessories as specified in the Second Schedule
5. Controlled goods imported for re-export	<ul style="list-style-type: none"> (a) Should be re-exported Ex- Bonded Ware House and not sold on the local market in any circumstances; (b) no permission to sell on the local market will be granted in any circumstances.
6. Motor-Cyclists' helmets (crash helmets)	Each helmet should be indelibly and clearly marked with the certification mark issued either by the National Bureau of Standards or by a recognized Standards Institution in the country of origin.
7. (a) Hydrogenated oils and fats imported under CTN 15.16 for industrial use	Shall contain not more than 85% saturated fatty acids on the fat weight basis.

Description of Controlled Goods

- (b) Vegetable fats (Vanaspati) imported under H.S. Code 15.16.20
8. Margarine rich in polyunsaturates imported under H.S. Code 15.17
9. (a) Margarine imported under H.S. Code 15.17 for industrial Purpose
- (b) Other margarine imported under H.S. Code 15.17
10. Edible mixtures or preparations of animal or vegetable fats or oil or of fractions of different fats or oil imported under H.S. Code 15.17 and 15.18
11. Measuring tapes
12. PVC Pipes
13. Brooms
14. Electric Cable insulated with plastic materials
15. Armoured Electric Cables
16. Fine Gold for resale

Conditions under which the goods should be imported

- Shall contain not more than 30% of saturated fatty acids on the fat weight basis.
- Shall contain not less than 45% of polyunsaturated fats and not more than 25% of saturated fats on the fat weight basis.
- Shall contain not more than 75% of saturated fatty acids on the fat weight basis.
- Shall contain -
- (a) not more than 60% of saturated fats on the fat weight basis; and
- (b) not more than 25% of palm oils.
- Shall contain -
- (a) not more than 23% of saturated fatty acids; and
- (b) not more than 25% of palm oils.
- At least 50% of each and every consignment of measuring tapes shall be graduated in metric only.
- Shall comply with MS ISO 4422-2 and MS6
- (a) a certificate from the Mauritius Standards Bureau shall be obtained prior to the clearance of the goods from the Customs.
- Excluding straw brooms and brooms wholly or partially made of vegetative material like "fataque".
- (a) Shall comply with MS 17 and MS 113;
- (b) A certificate from the Mauritius Standards Bureau shall be obtained prior to the clearance of the goods from the Customs.
- Shall comply with MS 101
- (a) The importer should hold the appropriate Trading Licence issued under the Trade and Industries Classification Act and the Local Government Act giving him the right to manufacture and sell Goldwares.
- (b) The fine Gold should be sold to licensed jewellers only.
- (c) A Certificate of fineness from overseas, attesting that the Gold is of 24 Kt, should be submitted to the Ministry prior to the clearance of the goods from the Customs.

Description of Controlled Goods

17. Pocket lighters, gas fuelled, non-refillable
18. Life saving jackets
19. Coconut oil
20. Tubes and Hoses (other than tubes and hoses consisting of a metal reinforcement) for connecting liquefied petroleum gas (LPG) cylinders to domestic gas appliances.
21. Rough diamonds (other than those imported from Liberia)

Conditions under which the goods should be imported

- (a) Shall comply with the International Standard, ISO 9994:1995 or any other equivalent standard;
- (b) A recent certificate of conformity with the international standard, ISO 9994:1995 or any other equivalent standard, should be submitted to the Ministry prior to the clearance of the goods from the Customs.
- (a) Shall comply with the specifications set out in the Safety of Life at Sea (SOLAS) Convention;
- (b) Every life jacket shall bear the SOLAS marking.
- Should be imported in a bottle of 1 litre labelled as follows -
- (a) for cosmetic or religious purposes only; and
- (b) Coconut oil is hazardous to health if consumed.
- (a) The tubes and hoses shall indelibly bear at each interval of not more than 50 centimetres the following inscriptions;
- (i) The mark of the National Standard of the country of origin;
- (ii) The identity of the manufacturer and the country of origin;
- (iii) The date limit for use.
- (b) A valid certificate of conformity with the National Standard of the country of origin, issued by a recognised body, should be submitted to the Ministry prior to the importation of the tubes and hoses.
- (a) A valid Kimberley Process Certificate issued by the appropriate authority of the exporting country shall be submitted to the Ministry, prior to the clearance of the diamonds from the Customs.
- (b) The certificate specified at paragraph (a) shall be a forgery-resistant document that meets the requirements of the Kimberley Process International Certification Scheme for rough diamonds.
- (c) The rough diamonds shall be imported in a sealed tamper-proof container accompanied by a duly authenticated copy of the certificate specified at paragraph (a)
- (d) The relevant invoice from the supplier abroad shall *inter-alia* bear the following note-
The rough diamonds herein invoiced have been purchased from legitimate source/s not involved in funding armed conflict and in compliance with relevant United Nations resolutions.

Description of Controlled Goods

22. Plastic carry bags
23. Pocket lighters, gas fuelled, refillable

Conditions under which the goods should be imported

- (a) Shall comply with the standards specified in the Schedule to the Environment Protection (Plastic Carry Bags) Regulations 2004.
- (b) A Certificate from the Mauritius Standards Bureau attesting compliance with the Standards referred to in paragraph (a) shall be obtained prior to the clearance of the goods from the Customs.
- (a) Shall comply with the International Standard ISO 9994:2002 or any other equivalent standard;
- (b) A recent certificate of conformity with the International Standard ISO 9994:2002 or any other equivalent standard, should be submitted to the Ministry prior to the clearance of the goods from the Customs.

FOURTH SCHEDULE
(regulation 5(5))

Restrictions on controlled goods

Description of controlled goods	Type of restriction
1. Potatoes	Quantitative (yearly quota)
2. Table Salt	Quantitative (yearly quota)
3. Gold	Shall be imported only by jewellers or factories in the Export Processing Zone holding the appropriate licences or certificates to manufacture goldwares
4. Second-hand (used/reconditioned) motor cars	Quantitative - an individual or firm (other than an authorised dealer or a taxi owner/driver) is entitled to import one motor car every 5 years.
5. Second-hand (used/reconditioned) lorries/trucks (other than lorries/ trucks of special types for specific purposes)	Quantitative - an individual or firm (other than an authorised dealer) is entitled to import one lorry/truck every 5 years.
6. Second-hand (used/reconditioned) van	Quantitative - an individual or firm (other than an authorised dealer) is entitled to import one van every 5 years.
7. Second-hand motorcycles	Quantitative - <ul style="list-style-type: none"> (a) Total restriction on importation for resale; (b) One autocyycle (less than 50cc) per individual involving no transfer of fund (gift or resettlement); or (c) One motorcycle of less than 1 year old per individual involving no transfer of fund (gift or resettlement).
8. Used, scrapped and second-hand goods other than essential second-hand motor vehicle parts and accessories	- Total restriction on importation for resale
9. Second-hand motorcycle/autocycle) Parts and accessories	- Total restriction on importation for resale or local assembly into motor-cycles/autocycles.
10. Second-hand minibus	- Quantitative – an individual or firm (other than an authorised dealer) is entitled to import one minibus for each appropriate licence issued under the Road Traffic Act.
11. Potassium-Based Additive	- Shall be imported only by the State Trading Corporation.

SECOND SCHEDULE
(regulation 2)

(List of prohibited goods)

1. Ball valve bottles.
2. Explosive caps for toy pistols and guns containing a mixture of potassium chlorate and red phosphorus.
3. Fire crackers of a type commonly known as "pétards rapés".
4. White phosphorous matches.
5. Motor vehicle rubber tyres which, have been remoulded, recapped or regrooved.
6. Kerosene stoves of a type commonly known as "lampes vertes" and parts thereof.
7. Water scooters.
8. Ivory and Tortoise Shell.
9. Underwater fishing guns.
10. Sugar and chocolate confectionery and bubble/chewing gum in the form of cigarettes.
11. Second-hand motor vehicle spare parts and accessories as follows:-
 - (a) Tyres, tubes and wheels;
 - (b) Macpherson strut assembly;
 - (c) Injector nozzles;
 - (d) Chassis and parts thereof;
 - (e) Brake linings;
 - (f) Clutch nut and parts thereof;
 - (g) Filters;
 - (h) Hoses;
 - (i) Engine mountings;
 - (j) Belts;
 - (k) Oil seals;
 - (l) Ball joints;
 - (m) Bearings;
 - (n) Shock absorbers;
 - (o) Coil spring, leaf spring and torsion bar;
 - (p) Body shells of motor-cars or any parts of motor-cars originally welded by the manufacturer to their structured body shells or chassis;
 - (q) Jacks.
12. Toy motor-cyclists' helmets.

13. "Roll your own cigarettes" papers imported under H.S Code No. 48.13.
14. Electric Water Heater with bare element and parts and accessories thereof.
15. Portable electric lamps commonly known as laser penlights/torches.
16. Toy pistols and guns with projectiles.
17. Containers performing the function of "Aerosols" using C.F.C's (Chlorofluorocarbons) as propellant with contents other than pharmaceutical products.
18. The following items containing C.F.C's (Chlorofluorocarbons) as refrigerant or blowing agent-

Refrigerators, freezers, refrigerating cabinets, showcases, counters and other refrigerating or freezing furniture, chilling units, coolers, air-conditioners (including motor vehicle air-conditioners), automatic beverage-vending machines, incorporating refrigerating devices, cold-room equipment, refrigerated transport vehicles, refrigerator insulation, freezer insulation, foam packing, dehumidifiers, fishing boat refrigeration equipment, and styrofoam.
19. Crocidolite (Blue Asbestos) and its products.
20. Polybrominated Diphenyls(PBB) and its products.
21. Polychlorinated Diphenyls(PCB) and its products.
22. Polychlorinated Terphenyls(PCT) and its products.
23. Tris (2,3 – Dibromopropyl) Phosphate and its products.
24. PVC teethers and teething rings.
25. Rolling machines (other than rolling machines of industrial types) used to manufacture cigarettes.
26. Diamonds including rough ones imported from Liberia.
27. All round logs and timber products from Liberia.
28. Bull bar
29. Asbestos fibres as follows –
 - (a) Actinolite
 - (b) Anthophyllite
 - (c) Amosite
 - (d) Tremolite
30. Toy know as "Yoyo water ball"
